**COMPANY
OVERVIEW**

Mavkore is a Virginia-based, founder-led federal IT subcontractor built to help prime contractors add technical capacity. Our model combines requirement alignment, technical screening, employment, onboarding coordination, and active workforce support across cloud operations, SRE and observability, and cybersecurity operations.

CORE COMPETENCIES

Cloud Operations, SRE & Observability

- AWS cloud operations and production support
- Monitoring, alerting, dashboards, and incident workflows
- Splunk search, analysis, and observability support
- Runbooks, SOPs, troubleshooting, and escalation

Cybersecurity Operations Support

- Security operations and vulnerability-management support
- POA&M; tracking and remediation coordination
- Control-evidence collection and RMF documentation support
- Security-focused technical documentation

Technical Workforce Delivery

- Requirement alignment and technical screening
- Onboarding coordination and employee support
- Performance check-ins, retention, and replacement planning

DIFFERENTIATORS

- **Technical founder review:** candidate alignment evaluated beyond keyword matching.
- **Direct access:** prime partners work closely with company leadership.
- **Active support:** Mavkore remains engaged after onboarding.
- **Scope discipline:** focused pursuit of requirements that match credible capability.

**REPRESENTATIVE PERSONNEL
EXPERIENCE**

- Government contract contributor experience
- Bachelor's degree backgrounds in Cybersecurity Engineering and Information Technology
- AWS cloud support and operations experience
- Site reliability engineering and production operations
- Splunk-based monitoring and observability environments
- Cybersecurity, infrastructure, and technical documentation support

SAM.gov	Registration in progress
UEI / CAGE	Pending
Service Area	United States; Virginia / DMV base

**BEST-FIT PRIME
REQUIREMENTS**

One or a small number of hard-to-fill cloud, SRE, observability, cybersecurity, systems, and technical operations roles; surge or backfill needs; and small-team subcontract support where direct communication and active workforce management matter.

Representative personnel experience reflects the backgrounds of Mavkore founders and is not presented as corporate past performance.
